

# Expilin<sup>®</sup>

Tablet & Syrup

Chlorpheniramine Maleate

## COMPOSITION

**Expilin Tablet:** Each tablet contains Chlorpheniramine Maleate BP 4 mg.

**Expilin Syrup :** Each 5 ml syrup contains Chlorpheniramine Maleate BP 2 mg.

## PHARMACOLOGY

Expilin (Chlorpheniramine Maleate) is an alkylamine antihistamine. It is one of the most potent H<sub>1</sub> blocking agents and is generally effective in relatively low doses. Expilin is not so prone to produce drowsiness, readily absorbed from the gastro-intestinal tract, metabolised in the liver and excreted usually mainly as metabolised in the urine.

## INDICATION

Expilin is mainly indicated in allergic conditions including urticaria, sensitivity reactions, angioneurotic oedema, seasonal hay fever, vasomotor rhinitis, cough, common cold, motion sickness.

## DOSAGE & ADMINISTRATION

Adults : 4 mg 3 - 4 times daily.

Children : Up to 1 (one) year : 1 mg twice daily.

1 - 5 years : 1 mg 3 - 4 times daily.

6 - 12 years : 2 mg 3 - 4 times daily.

or as directed by the physician.

## SIDE EFFECT

Drowsiness, dizziness, headache, psychomotor impairment, urinary retention, dry mouth, blurred vision and gastro-intestinal disturbances, paradoxical stimulation may rarely occur, especially in high dosage or in children.

## CONTRAINDICATION & PRECAUTION

There is no definite contraindication to therapy. It should be used with caution in epilepsy, prostatic hypertrophy, glaucoma and hepatic disease.

**Warning:** The ability to drive or operate machinery may be impaired.

## STORAGE

Store below 30°C. Protect from light. Keep out of reach of children.
